

Internship

by Benny Bottema - Sunday, December 29, 2013

https://www.bennybottema.com/pcv_experience/internship/

Worked at TRES Internet for my Bachelor degree. The following components were involved:

- Written an online (web) application for automated ticket sales.
- Used technologies: ASP VBScript (classic), XML, MS Access
- Written a research paper on “development process improvement and best practices”
